Profile

UX/UI Designer with a background in Computer Technology and project experience in mobile, web, and IoT concepts. Skilled in research, user flows, wireframing, high-fidelity prototyping, design systems, and Figma.

UX / UI Projects

PlutoPay

Designed a mobile-first finance and budgeting app focused on transparency, subscription management, and financial control. Conducted user interviews, competitive analysis, and usability tests; translated findings into personas, user journeys, wireframes, high-fidelity prototypes, and a Figma design system.

SAM

Developed and maintained a scalable design system and reusable UI components for a non-profit platform. Collaborated with an 11-person team to deliver a consistent user experience and contributed research, wireframing, and high-fidelity prototyping in Figma.

KUBIK

Designed an AR mobile concept that reveals a building's history. Applied a persona and empathy map to create clear visual metaphors and focused discovery and saved-tour user paths.

Work Experience

UX/UI Designer

Freelance | Remote | 03/2026-Present

- Designing a connected Smart Mirror product and companion app.
- Developed the UX concept, user flows, and mobile interface structure and created a digital 3D prototype to visualize the product experience.

Quality Assurance Specialist

markt.de | Essen, Germany | 01/2025-04/2025

- Reviewed user listings against quality and usage standards, identified fraudulent or inappropriate content.
- contributed to a safe, trustworthy, and user-friendly marketplace experience.

Social Counselor (Working Student)

VielRespektStiftung | Essen, Germany | 02/2022-03/2023

- Independently organized and delivered a year-long support project for clients in everyday and administrative matters.

Process and Contract Administration

GEFA BANK | Wuppertal, Germany | 12/2017-08/2021

- Managed and maintained records in SAP, GEFA Connect, and Doxis; coordinated incoming tickets, requests, and digital business processes.
- Supported contract management and documentation; collaborated across departments and assisted with administrative business processes.

IT Training Project Assistant

TGM Education | Kassel, Germany | 02/2016-12/2016

- Delivered foundational IT and digital skills training to refugees.
- Supported the use of PCs, Microsoft Office, and digital applications.
- Provided German-Persian translation to support project communication.

Founder and Owner - IT Services

Own IT Shop | Saqqez, Iran | 03/2013-05/2015

- Installed, configured, and maintained PCs, operating systems, and IT workstations for private and business customers.
- Independently managed business operations, including staff responsibility, procurement, and the sale of hardware and software.
